Air Compressor Systems

## Air Compressor Rentals

### Emergency Rentals Call: (800) 282-5359

When an essential piece of your compressed air system goes down, minutes matter. We have locations all across Florida, so we can get you the equipment you need quickly and reduce costly downtime.

#### Air Compressor Rentals

Air Centers of Florida proudly maintains a rental fleet of Contact Cooled and Oil Free rotary air compressors, ranging from 35 – 1200 cfm (10 hp – 300 hp). For the expected and unexpected, trust Air Centers of Florida's temporary air solutions to keep your business running strong.

#### Refrigerated Rental Air Dryers (33-38°F Dewpoint)

Properly treated compressed air, and the right air dryer, will improve productivity, system efficiency, and product/process quality. An air dryer is an integral piece in your air treatment system, making Air Centers of Florida's wide knowledge and expertise in this field a key aspect to the success of your rental compressed air system.

#### Desiccant Rental Air Dryers (-40°F Dewpoint)

Ingersoll Rand heatless and heat reactivated desiccant dryers—are engineered for easy access, maximum efficiency and long life. Our desiccant dryers are delivered in a state-of-the-art low profile package, making installation and rental operation a snap!
